Capitated Programs - HMO files.

Notes:

- (1) Recipients are unduplicated within category of service but not between categories.
- (2) The data for Options program prior to FY 1996 is not reliable. The Medallion II program started in January 1996.
- (3) Some of the categories of service were redefined by HCFA/CMS beginning in FY 1999 and Capitated Care was also included in this report.
- (4) VaMMIS system modifications have forced substantial counting method changes for FY 2004. The apparent increase in data variability is not thought to be significantly correlated to any actual shifts in expenditure, utilization, or enrollment levels that may have occurred since FY 2003.
- (5) This report is updated annually in August/September.
